

WORKSHEET: COPYING CHRIST

The call of a disciple is to follow and copy Christ. Here we explore what Christ is like and how we might see some of His attributes and practices in our own lives.

On the left-hand side of the page write down the behaviours and actions Jesus modelled for the disciples. Think through what you know of His life, listing His work, character and activities. On completion, think about which of these things you would most like to see in your own life. Give yourself practical, manageable, and measurable challenges on the right.

For example: do you want to grow in healing? Perhaps you know someone who is ill you can pray for. Do you want to be a louder voice for justice? Can you join a campaign for a cause you believe is important to Jesus?

JESUS

YOU
